PUBLIC SERVICE

I serve on the Board of Directors of my housing cooperative at 83 Bryant Street in Buffalo, New York. I volunteer at the local Park School of Buffalo.

I serve on many UB Committees such as the Asian Studies Executive Advisory Board, The WNYS Mindfulness Executive Board, the Gender Institute Executive Advisory Board, and I volunteer teach in programs such as the two-week Discover Law for potential minority law students who come to Buffalo for a month to learn about Law School curriculum.

I am active in the financial support, counseling, and English training of the local Tibetan community and have lectured locally, in-state and nationally on issues concerning Tibet. I have been closely connected to the local Indonesian and refugee communities and have provided free professional advice, including immigration help, school counseling, medical advice, letter drafting, English language training and general American cultural counseling.

I also work with several community members on the East Side of Buffalo, helping with financial concerns, budgeting, transportation and consultation for medical issues, and college advice counseling.

I am on the Executive Board of the Providence Farm Collective of Buffalo, NY which provides refugees with land to farm their homeland heritage crops while learning agriculture in this new context, business management, English, and many other aspects of American society. The results of this program are significant. "In 2021, more than 275 farmer-changemakers grew and harvested more than 90,000 pounds of produce on 14 acres. This produce was sold or donated to their families, their communities, and other Western New Yorkers impacted by food insecurity. More than 6,000 individual beneficiaries residing in USDA food deserts in Erie and Niagara Counties accessed the produce." See, <https://providencefarmcollective.org/our-farmers/>
