Presenter: Amy Herstek ’04
Recipient: Hon. Shirley Troutman
When I first arrived in Buffalo for law school in September 1969, I ran into O.J. Simpson at Cole’s restaurant. Both of us were new to Buffalo. I anticipated being in court for the next 50 years, O.J. probably not.

O.J. went onto glory, fame and then infamy. I went on to real property, civil procedure, and tort classes. Little did I realize then how much both my law school and subsequent life was to be enhanced by my Buffalo experience.

Those were exciting days in Buffalo: the NBA Braves and NHL Sabres were new franchises. The NFL Bills were at “The Beginning of the Road Back.” The UB campus, roiled in protest over the Vietnam War, embraced the civil rights movement. The nearby Attica Prison uprising garnered national attention and involvement of UB Law’s faculty and students.

Certainly, law school familiarizes students with the law and prepares them for the bar exam. However, after six years of higher education, it was participation on the Buffalo Law Review that taught me critical analysis and how to write. But most importantly, my enthusiasm for legal writing evolved, which became essential to effective adjudication.

Buffalo, Rochester, and Syracuse have become a regional legal community in which the University at Buffalo School of Law is a most integral part. In 1994, several UB law graduates residing in Rochester, including the Monroe County Executive, several judges, and the District Attorney were honored for their community service. And that is exactly what a law school should be—whether in law, business, or government—an incubator of community leadership.

Thank you UB Law Alumni Association for this Distinguished Alumni Award.

I always say my time in the United States Navy made me the leader I became, but I can also say that UB Law School made me the lawyer I am today.

I want to thank the law school, the alumni association, and the faculty and staff for not only honoring me with this award, but for also preparing me for my career. I had the benefit of working for a few years by serving in the Navy between college and law school. I was not your typical law student in that when I came home from the service, I had a family and had to work while attending law school to support my family. UB law school was the perfect fit for my busy schedule, and I will never forget that period of my life and the lifelong friends and colleagues I made at this outstanding institution.

My career has been spent mainly in public service. UB law school prides itself on preparing leaders for tomorrow in the hope that their students take what they learned and go out and serve those in their communities. I had that passion for public service when I joined the Navy before law school, but UB law school enhanced my commitment to service.

My journey has taken me to my present position as Erie County District Attorney. This year our office is celebrating the bicentennial of the Erie County District Attorney’s Office. I am honored to be the 41st DA of Erie County. I cannot thank enough those who have come before me, and my entire staff for the dedication they must protecting our community and their commitment to public service.

Finally, I want to thank my family. Like I mentioned above, my wife made the journey with me through law school. My family has been with me every single step of my career. While the Navy and UB law school may have made me the leader and lawyer I am today, my family has made me the person I am today. So, my wife and five children are with me now in graciously accepting this award. Thank you!

It is with a profound sense of gratitude and humility that I am being recognized tonight among such a distinguished group of University at Buffalo School of Law alumni and alumnae. Congratulations to my fellow honorees and thank you to the UB Law Alumni Association for recognizing me with this honor. It is truly one of the highlights of my career.

I loved my time at UB Law School and have such fond memories of so many professors and experiences. Special thanks to Schlegel for believing in me way back when and for pushing me to be a better lawyer, leader, and person today.

I have been blessed to spend most of my career with the amazing lawyers and staff at Rupp, Baase, Pfalzgraf & Cunningham. As we celebrate the Firm’s 21st Anniversary this year, I am struck with an immense amount of pride – in part because of the Firm’s unwavering commitment to our clients and to our community – and in part because of our journey and the Firm that we have built. To all my partners and colleagues, thank you for your support and encouragement over the years.

Finally, I owe a special debt of gratitude to my family and friends as any success and achievements in my career would not have been possible without their unconditional support. My wife Amanda, my four children David, Jack, Will, and Maggie, my father David Pfalzgraf (UB Law, Class of ’68), my sister Robin Marti, and dear friends are among many who listen and provide me with thoughtful advice as I continue to navigate the challenges of my career as a lawyer, business owner, community leader, and family man. Finally, I would like to dedicate this award to my beloved Mom, Jan Hall, who sadly passed away this past year. I owe much of who I am to her.

Thank you again for this wonderful honor.

I am deeply honored to receive the Award for Business Achievement from the UB Law Alumni Association. Congratulations to my fellow honorees and thank you to the alumni community. I feel privileged to count myself as a member of such a talented group of lawyers.

When I look back at those early days at UB Law, I realize how naive I was. As a mathematics major, I was trained to find correct answers. At UB, my professors presented and discussed legal situations in a societal framework, where truth and correct answers can be elusive. The training to consider situations from multiple perspectives – both legal and non-legal – is a priceless gift for a corporate lawyer. I especially thank Jack Schlegel for that gift.

I was fortunate to work at National Fuel Gas Company for more than 30 years with several incredible people across multiple disciplines. A special thank you to David F. Smith (UB Law ’78) for hiring and mentoring me and to Barb Dominiak, my secretary of 25 years, who kept me organized and on schedule.

In closing I want to thank my husband, Greg, and my children, Tatiana, and Jessica, for their love and support despite the long hours and travel that often kept me apart from them. Finally, I thank my mother Geri, now passed on, who made my entire career possible. Her life was not an easy one, but she never wavered in her love and commitment to me and my siblings.

I am humbled to be receiving this award knowing in whose footsteps I am following. I want to thank the Law School, the Alumni Association, my partners at Kavinoky Cook, the many fellow community volunteers I have had the privilege to work with, my mentors like Jim Magavern and the late Arnold Gardner, and especially my wife Debra for not only supporting me but in encouraging me, and sometimes even volunteering me.

It has been a privilege and an honor to try and make a difference in our community. My parents, Sam, and Edith Rubin, set the bar high for me. My mother had me begin doing volunteer work when I was fifteen, helping patients at New York’s Polyclinic Hospital in midtown Manhattan. And my father was constantly telling me and showing me what my obligations were to be a mensch.

I was fortunate to have attended UB Law School in the 1970’s with its emphasis on social and community issues under the guidance of Dean Red Schwartz and professors like Jacob Hyman, Jack Schlegel, and Bill Greiner. But it was joining Kavinoky Cook in 1994 that gave me my biggest opportunity to be of service. Arnold Gardner, Sam Shapiro, and Wayne Wisbaum immediately began getting me involved in civic, religious, and political causes on the local, state, and national level and assigning me to pro bono clients across New York State. Today, I am immensely grateful to my partners who have been more than willing to let me take what I have learned over the past 50 years and help a diverse range of clients and community organizations. It is this diversity that is one of the greatest strengths of this City of Good Neighbors.

Thank you all for this honor and I hope that I can continue to be of service and live up to the high standards of UB Law School.

I am honored to receive the non-alumni award today. While I am not a graduate of UB Law, I am the proud mother of one: my daughter Lauren Ashley Howard belongs to the class of 2013.

My involvement with the law school began in 1994, when Charles Dougherty recruited me to teach Trial Technique. I can speak personally to its commitment to its students: over the years, I have participated in many programs here, and in that time, I have watched countless students emerge from their educational journeys as principled attorneys ready to contribute to the legal community. I can also attest that my years of teaching at UB Law made me a better lawyer and judge.

In addition to my current role as Co-Chair of The Franklin H. Williams Judicial Commission, I am dedicated to continuing working with the law school in a collaborative way that extends beyond the boundaries of Western New York, to improve pathways to equity in both legal education and the practice of law.

The current atmosphere in our country has presented an opportunity for those in the legal profession to use their voices to bring about racial and social justice, so I hope each of you will seize it.

In the words of Theodore Roosevelt: "Justice consists not in being neutral between right and wrong, but in finding out the right and upholding it, wherever found, against the wrong."
